

Packaging Film Line

American Profol, together with our European sister companies Innofol and Profol Kunststoffe, is a leading supplier of high quality cast polyolefin films. Our materials are used for a wide variety of packaging applications. American Profol offers a standard product line of films as well as custom films engineered to meet specific application requirements.

Packaging Film Product Line:

- **SuperClear** - optically clear PP film
- **ProTort-1** - cast PP for retort packaging
- **ProMetallocene** - optically clear, metallocene cast PP film
- **Tougher SuperClear** - optically clear PP film, designed for heavier products
- **ProPeel** - cast PP film for lidding stocks

Advantages of Profol Films:

- Copy safe—will not lift print
- Excellent dimensional stability
- Natural living hinge ability
- Excellent chemical resistance
- Inert material - does not contain plasticizers
- Low cost / high yield
- Easy to print
- Environmentally friendly - easily recycled
- Low moisture vapor transmission rate
- Easy to weld using either ultrasonic or thermal welding equipment

Manufacturing Capabilities:

- PP and PE films
- 0.0012" to 0.0120" thick
- 4" to 93.5" wide rolls
- In-line slitting
- In-line corona treating
- In-line surface embossing
- FDA grades available

Applications:

- Bags and pouches for various applications
- Overwraps
- Lidding stocks
