

ProTuff

(Textured Over-Laminate Film—Film #25, Surface G)

ProTuff is a textured polypropylene over-laminate film with excellent contact clarity and scratch resistance. ProTuff is often laminated to American Profol's ProGrip tacky-backing film for applications including mouse pads and counter mats. Printing can be done on either the ProTuff or ProGrip material prior to lamination. UL compliant grades of ProTuff are available for use in floor graphics.

Applications:

- Mouse pads
- Countermats and placemats
- Coasters
- Floor graphics
- Advertising graphics

Advantages:

- Excellent contact clarity
- Excellent scratch resistance
- Easy to print using a variety of methods including screen printing, offset lithography, and flexography
- Feeds quickly and reliably through printing presses
- Superior lay-flat characteristics
- Superior dimensional stability for exceptional color registration
- Sheets easily and cleanly
- UL compliant floor graphics grades are available.
- Low cost

Specifications:

- Embossed translucent film with excellent contact clarity
- Available corona treated on one or both sides
- Thickness range: 4 mil to 12 mil thick
- Standard web width: 49" to 59" wide web
(Material can be slit in-line to custom roll widths.)
