

ARCTIC GREY SM

Arctic Grey Super Matte is a cool blue grey hue which is endlessly versatile. It can be used to create dramatic couture inspired interiors as well as ethereal, unexpected moments. It offers a fresh contemporary contrast to more refined woodgrains such as rift oaks and clean walnuts. The Super Matte finish also adds a shadowy warmth when juxtaposed with rougher more simplistic heavy textures found in folk art inspired interior elements.

SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable and has long term color stability and consistency.
