

ONYX GREY SM

Onyx Grey Super Matte is a warm dark grey, concrete color with a neutral matte surface that reads as almost textural translucence. It fits into interiors that celebrate unrefined Wabi Sabi styles, and creates the perfect foil for natural woodgrains and desaturated solid colors. Onyx Grey SM is a blank canvas, allowing you to bring in surprises of color to create your own narrative.

SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable and has long term color stability and consistency.
