## RHAPSODY

Rhapsody is a warm golden design with the appearance of a rift oak linear woodgrain. There has been a renewed interest in artisanal fine furniture style and an appreciation by designers of how well this look fits into the nature-facing biophilic trend. It is a clean crisp woodgrain design that is accented by the latest modern woodpore texture, contributing to its appealing haptic quality and creating a modern subtle neutral. Rhapsody is featured in SSI's Communication trend and is partnered here with the solid super mattes Violet Grey, Seattle Grey and Smokey Blue.

Rhapsody is offered in a furniture like textured finish and is suitable for vertical and horizontal applications. It is easy to clean, doesn't chip, is highly durable and has long term UV Stability.
