## THE WEEKEND SM

The Weekend SM is a beautiful jewel-like teal green, midway between green and blue, which brings dramatic yet calming energy. Although the first instinct is that this is a bold color choice for interiors, it's use exhibits confident sophistication. Although this color is initially linked to the Mid-Century Modern aesthetic, as we look around we can see it used in multiple spaces, both as a primary color (exquisitely pairing with dark moody woodgrains) but also as a secondary accent in combination with deeper blues, greens and charcoals.

SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable and has long term color stability and consistency.
