SEATTLE GREY SM

Seattle Grey Super Matte is a translucent mixture of the verdant green foliage, overcast skies and ocean spray that we associate with the Pacific Northwest. Is it grey or green? The world may never know, but what we can say is that Seattle Grey SM is the perfect contemporary neutral - offering a versatile backdrop for endless creativity in both modern and traditional settings. This subtle color serves multiple functions and styles - it can freshen up a space while still offering a quiet anchor for spa-like interiors or meditation areas, clean lines and simple decors are enhanced and deeper woodgrains are flattered by Seattle Grey SMs' modesty.

SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable and has long term color stability and consistency.
