## CINDERELLA SM

Cinderella Super Matte is a warm terracotta with a beige undertone, comforting and earthy. This color fits perfectly into the Modern Mediterranean trend which reinterprets global influences as more relaxed, gentle tones. Cinderella SM represents connections to ancient materials used throughout the world while reading as fresh and youthful. It can be the perfect accent, especially used in conjunction with deep woodgrains, but also stands alone for powder, laundry and mudrooms creating an irreverent, playful feel.

SSI's Super Matte finish has the look and feel of a high quality painted finish but with superior performance. It is easy to clean, doesn't chip, is highly durable and has long term color stability and consistency.
